

# Aniket Raskar

## FULL STACK DEVELOPER

### PROFESSIONAL SUMMARY

Cyber security and machine learning professional with hands-on experience in developing predictive models, recommendation systems, and mitigating cybersecurity vulnerabilities. Proficient in cloud computing (AWS, GCP, Azure), data science, and artificial intelligence, with expertise in risk assessment frameworks, compliance standards (GDPR, ISO 27001), and content-based filtering. Demonstrated ability to deliver data-driven insights through advanced analytics and interactive visualisations while adhering to industry standards like NIST. Career focus includes leveraging technical skills to drive innovation in cybersecurity and AI-driven solutions.

**Address:**

Pune Maharastra 412307

### EDUCATION

**Bachelor of Engineering | Artificial Intelligence and Data Science | 2022-2026**

Pune University, Pune India

- GPA: 8.05

### EXPERIENCE

**Cyber Security Intern | Jan 2025 - Feb 2025**

Edunet Foundation

- Led a 6-week project to identify and mitigate real-world cybersecurity vulnerabilities using risk assessment frameworks and compliance standards like GDPR and ISO 27001.

**Machine Learning Intern | Nov 2024 - Dec 2024**

Cognifyz Technologies

- Executed data preprocessing, performed feature engineering, and implemented content-based filtering to improve user experience and decision-making.

### PROJECTS

- Intellect- Hire:** Developed **Intellect-Hire**, a full-stack web application using Next.js (with page.js and layout.js architecture) and deployed on Vercel, enabling users to conduct unlimited mock interviews in both technical and non-technical domains. Integrated Vercel Analytics, recording functionality for user responses, and an automated feedback system to simulate real interview scenarios while ensuring responsive, high-performance design optimized for laptop usage.
- Portfolio Website :** Developed a dynamic Portfolio Website using React with Vite, Tailwind CSS, and Framer Motion to deliver a responsive and interactive user experience with smooth animations. Deployed on Vercel, the project highlights modern web development practices, performance optimization, and creative design integration.

### CERTIFICATIONS

- Google Cybersecurity Certified
